

Photos & Film Prices

Photo Scan Prices

Loose Photos - **\$1.00 each**

Photos in Albums - **\$1.25 each**

Film Scan Prices (basic scanning)

Slides - (35 mm) - **\$1.00 each**

Slides - (110/126/127) - **\$1.00 each**

Negatives - **\$1.00 each**

Note: The above prices reflect basic multi-step digital enhancement of photos, such as red-eye correction, basic color correction, brightness & contrast adjustment and dust removal.

If you would like me to take the extra time to remove scratches, apply descreening, and/or fix minor tears (advanced photo restoration), then double the above prices per photo or slide.

In other words, \$2.00 per slide or photo.

Photo Restoration - **\$25/hr.** (see note below)

Note: Most of my time and experience is devoted to digitizing analog media formats. Clients have been satisfied with my restored photos. I would be glad to provide examples of what I have done. However, depending on what you want restored, you may want to consider someone who does this full time.
